Subject: Large Culvert Improvement.
Federal Project Number: 1879410
Project Number: 18794.10
Route 1

Dear Mr. Luttrell:

The Maine Department of Transportation is currently working on estimating a Large Culvert Improvement Project on Route 1 in the Town of Rockland for advertisement of the subject project for competitive bids in March of 2019. Construction will occur during the summer and early fall months; exact start and completion dates will be forwarded once a schedule from the Contractor has been reviewed and approved.

The projects are further described as follows:

Culvert improvements and removal of existing failing gabion wall. Located 0.10 of a mile north of Waldo Avenue.

We hereby request that you provide a copy of this notice to all municipal officials, employees and boards with responsibilities for utility and/or land-use planning/permitting, and that you post this letter on any municipal public bulletin boards, media outlets and/or municipal websites as public meeting will not be held regarding this project unless specifically requested by the municipality.

The Department would like to know if there are any events or known traffic generators that would impact this project. Should you have any questions, concerns or other areas of interest, we would appreciate your comments and input. Please feel free to contact me at (207)-215-4051 with any questions or concerns.

Sincerely,

Douglas C. Coombs, P.L.S.
Senior Project Manager Highway Program, Region 2
