Subject: Highway Resurficing  
Federal Project Number: 2245800  
Project Number: 22458.00  
Route 1

Dear Mr. Luttrell:

The Maine Department of Transportation is currently working on estimating a 15" Overlay Surface Highway Resurficing Project on Payne Avenue and Park Street (Route 1) in the Town of Rockland for advancement of the subject project for competitive bids in March of 2019. Construction will occur during the summer and early fall months; exact start and completion dates will be forwarded once a schedule from the Contractor has been reviewed and approved.

The projects are further described as follows:

Resurficing 0.70 of a mile northwest of Glenwood Avenue extending northwesterly 1.22 miles to Main Street.

After the new pavement is placed, we permit to open this segment of highway will be granted for a period of three (3) years except as provided in Title 23, M.R.S.A. §3092. The purpose of this letter is to make the necessary notification of the project to abutters, municipal officials and occupants of the highway under the provisions of 23 M.R.S.A. § 1351.

We hereby request that you provide a copy of this notice to all municipal officials, employees and boards with responsibilities for ability and/or land-use planning/permitting, and that you post this letter on any municipal public facilities boards, media outlets and/or municipal websites as public meeting will not be held regarding this project unless specifically requested by the municipality.

The Department would like to know if there are any events or known traffic generators that would impact this project. Should you have any questions, concerns or other areas of interest, we would appreciate your concerns and input. Please feel free to contact me at (207)-215-4851 with any questions or concerns.

Sincerely,

Douglas C. Coombs, P.E.S.  
Senior Project Manager Highway Program, Region 2
